ACCORDION PLEATING.

SUNBURST AND ACCORDION pleating, Mrs. Jennens, 47 E. 1st So. mail Dr. William M. Paden has let it be known that he will deliver a discourse on what he terms "The Fifth Gospel" next Sunday evening at the First Presbyterian church. The good doctor, whom everyone knows as a fearless opponent of Mormonism and a faithful exponent of the other four gospels, occupies a unique position in this community, for it is believed that he has almost as many friends among the Latter-day Saints as among the Gentiles. It would appear that the better class of Mormons love chastisement at his hands, for his audiences are frequently largely composed of Mormon elders and Mormon young people—and he usually tells them straight home truths from the Gentile standpoint. BIRTH OF BINGHAM UNDER A LUCKY STAR

Newly Incorporated Town of Bingham Canyon Launched at High Noon Amid Great Rejoicing Among the People.

With a band playing and flags and land regulations necessary to get the banners unfurled to the mountain breeze, the old mining camp of Bingwith George E. Lee as master of mories. The Bingham Cornet ham Canyon was at high noon yesterday transformed into an incorporated town. The schools of the village were dismissed for the day and the children joined with the older citizens in celebrating the important event. Promptly on the stroke of 12 the board of trustees, recently appointed to their positions by the County Commissioners of Salt Lake county, took the eath of office and began the discharge of their duties. The master Roberts. board is composed of the following-

The corporate limits of the town ex-tend from just below the depot up the main canyon to a line crossing near the mouth of the Columbia tunnel, and also a distance of about half a mile up Carr Fork from its junction with Bingham

Bingham Canyon assumes the re-sponsibilities of an independent gov-ernment under the most favorable auspices. It is one of the oldest mining camps in Utah, and when silver was king it was one of the most prosperous. With the overthrow of the white metal the camp went down for a few years; then the mining of copper was begun and during the last three or four years the camp has been recovering its oldtime prestige and has entered a new era of prosperity. At this time the town has a population of about 1700 hitch of any sort. There were no for-mal ceremonies to mark the birth of the new corporation, the board having and has ample resources for maintain-ing self-government and enjoying the advantages which come from incoring ordinances and adopting the rules | poration.

One of the good Mormon brothers remarked, as the sudience dispersed: "Well, what do you think of that? I'm just going to do a little missionary work for Presbyterianism this week and urge such an attendance of Saints as will resemble an old-time revival meeting."

While the Commercial club is casting about for every possible means to attract attention to Salt Lake City and to boost our business, what is the hurt to call to its notice to the great fistic "bouts" that are engaging the country at this time? It San Francisco and other cities can stand a good prize-ring contest, what's the matter with Salt Lake? Certainly as a means of advertising the town, a first-class fight would be a winner. And the bloods who would come here would find plenty of ways to get separated from their money.

Botha, the Dutch murderer, now that the Supreme court has refused to give him a bill of health, says he will die like a man. That is impossible.

Of course Salt Lake is proud of Held's band. It is par excellent, and the big crowds that attend the regular Sunday evening concerts testify to the popularity of these entertainments.

One of the things that Salt Lake needs that would add to the attractiveness of the city and to the comfort of the traveling public, is a union station in keeping with the importance of the city. Isn't there some way to push this thing along?

Mayor Morris's understanding of a Councilman, perhaps, is that he should be an ornament to the Council chamber. His "pie" ordinance certainly precludes the possibility of the Councilmen being anything more important than this.

The members of the First Methodist church are delighted with their new pastor. Dr. Young preached a scholarly sermon for his introduction to a Sait Lake audience, and he captured his people with the power of his logic and his elequence as well.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

" DEAR MRS. PINKHAM: - Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily, and each dose added health and strength. I am so thankful for the help I obtained through its use."— Mrs. Florence Danforth, 1007 Miles Ave., St. Joseph, Mich.——85000 forfeit if original of above letter proving genulmeness cannot be produced.

The editor of the News must have retired on mince pie the other night. The roor-back he gave out to his constant subscriber Monday, the substrate of which is that the awful Republican politicians are about to kidnap the Mayor and carry him to Washington, reads very much like the mental production of an editor who was suffering with indigestion. The World's fair committee, which has steadfastly declined to enter the name of Prof. McClellan on the programme in the contest of the great pipe-organists, has probably not heard of the Tabernacle artist. The professor should acrew up his nerve and go to St. Louis and play whether or no. And if the committee should turn him down we will get up a scale and assault the town.

The anti-Hearst wing is beating the wind out of the Hearst member, and Mayor Morris's embryo affair is showing signs of miraculous development. The prospects are that there will be no feathers left in the others by the time of the national convention, and that the Morris wing will be the entire bird.
